North America Fun Facts:

- ◆ Rocky Mountains is the Longest Mountain Range of North America and the Second Longest of the World after The Andes of South America.
- ◆ The Grand Canyon of Colorado is the Largest of its kind and is famous all over the world for its Natural Beauty.
- ◆ North America is the Third Largest Continent
- ◆ Mt. McKinley is the Highest Peak (6,194 m) of North America and is located in Alaska Range (USA).

Today Thursday, June 29, 2017–North America

We learned about the continent of North America today. The United States, where we live, is in North America. Mexico and Canada are also major countries in North America. We met in our big groups. Our special song of the day was “Take Me Out to the Ballgame”. We played landmark musical chairs. We also played baseball and we watched a movie about baseball! Our snack was tortilla chips. It was so fun to play outside in the sun with sidewalk chalk and jump ropes! The piñatas we made were so neat. Each camper played in an animal diorama. We added pictures to our digital scrapbook. It was another fun day at camp.

Tomorrow June 30, 2017 - Coming Home Program for Families at 11:30 and 3:30

Tomorrow is our last day of camp. We have learned about many different continents. Now, we will celebrate coming home! We will go on a flag scavenger hunt and do transportation yoga. It will be fun to complete some story starters with my friends. We will practice singing all our camp songs, and eat rice krispie treats for a snack. We will make a “kids around the world” collage, tell our team leaders what we liked about camp, and write a postcard to send to a friend from camp. We will end the day with a program for our families.

Please note that in an effort to save paper, the newsletter for each camp day will be available on our website:

<https://splhclinic.ku.edu/communication-camp>

If you feel your child would benefit from a paper copy, please add your name to the sign-up sheet located near the entrance.
