June 21, 2018
Great Lakes USA

REMINDERS:

Camp Rules

Be nice to
your friends

Help each
other

Stay with
your group

Each day some activities will be outside, you may want to apply sunscreen

Wear Green Camp Shirt TOMORROW!!

Great Lakes Fun

Facts:

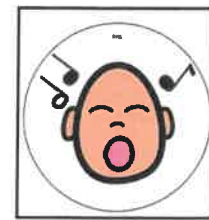

The Great Lakes formed thousands of years ago from glaciers carving channels in the land and then filling the with melted ice.

The name "Illinois" comes from a Native American word meaning "tribe of superior men".

Go to <http://kids.usa.gov/learn-about-the-states/> to learn about all our states

Today we started off in our small groups where we picked pictures to put in our scrapbooks. It is so much fun to look at pictures of what we did yesterday! Then we went to big group where we sang our camp song and Farmer In the Dell and talked about what we would be doing. We did a lot of fun activities today. We went on a nature hunt for lots of different things, explored chromatography, made a balloon car, and raced cars like the Indy 500 car race. We also watched a movie and ate Goldfish crackers for snack. We made a boat, painted with water and learned about the Great Lakes water cycle. I can't wait to show you my creations. We learned so much about the Great Lakes!

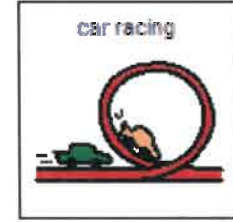

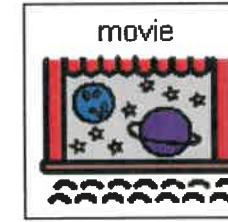

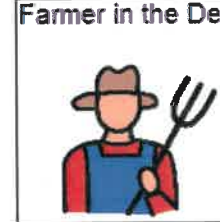

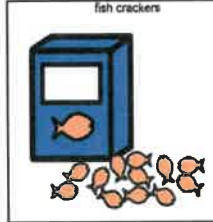

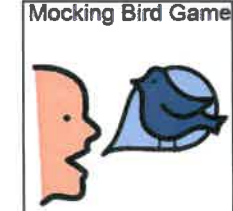

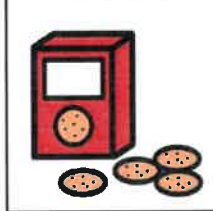

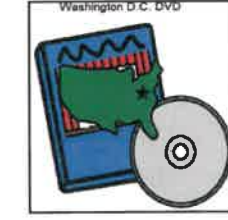

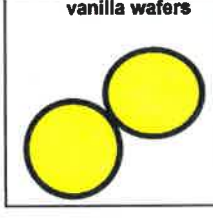

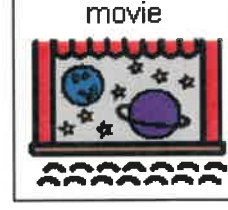

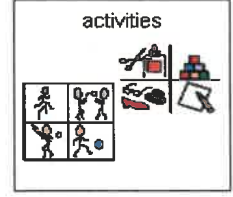

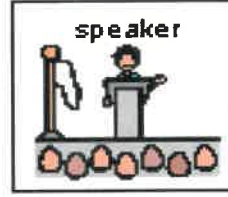

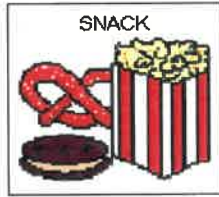

Actions we did:

Tomorrow June 22, 2018-Field Trip (Deanna Rose Park)

Tomorrow we will take a field trip to Deanna Rose park in Overland Park Kansas. We will meet at the regular camp building and get on a big bus to go to the park. On the bus we will sing all of the songs we have learned during the first week of camp. Once we arrive at Deanna Rose park we will walk around and look at the plants and animals. We will be eating popcorn for snack. Then we get back on the bus and come home ending our day by singing the camp song on the bus.

Communication Camp will be taking a field trip to Deanna Rose Farmstead in Overland Park, KS, tomorrow, Friday, June 21. Campers will need to wear their Green 2018 Camp T-shirt.
